Recruitment brief for the position
of Business Assurance Officer

Hello!

At Clanmil Housing, we believe that everyone should have a Great Home. To do this, we need a team that is passionate about that.

You'll be joining us at a really exciting and busy time. In the next three years we will be delivering transformational change, with a focus on our customer offer, digital technology with new ways of working and providing even more homes.

There is a real opportunity for the right person to help influence performance and compliance within Clanmil. This will include exciting work on new processes, assisting in the collection, analysis, validation and reporting of data that supports continuous improvement across our business.

We need a Business Assurance Officer who will support the development of corporate performance and compliance reporting that will assist us to achieve excellent levels of customer satisfaction, strong risk management processes and systematic performance improvement.

If you're confident, solutions and customer focussed, resilient and creative, this could be what you are looking for.

Got what it takes? I'd love to hear from you.

Karen Gilmore
Group Director of Corporate Services

About Clanmil

At Clanmil we are passionate about great homes and the people who live in them. We absolutely believe that everyone should have a comfortable, safe and affordable home within a vibrant and supportive community. Somewhere they love living and where they can thrive.

We currently provide almost 5,000 homes throughout Northern Ireland for families, older people and for those who need support. We believe it is important for people who wish to live in a shared neighbourhood to have the choice to do so and we aim to provide housing that is welcoming to all.

In addition to well managed and well maintained homes, we want our tenants to get the most from life in their neighbourhoods. Our programmes provide access to employment and opportunity. Our Money Advice team offers debt and benefits advice to improve financial inclusion. We work with community partners and our tenants to deliver social, sport and well-being programmes that help strengthen communities.

We are currently enjoying a period of substantial growth and have an ambitious plan to deliver 400 much needed homes each year for the next three years. We build homes where they are needed most and design them to high energy efficiency standards that make them affordable to run for the people who live in them.

Together we make a difference. Our homes and services change lives.
