## About Ark Housing Association

Ark Housing Association is a registered Housing Association with the Department for Communities and Financial Conduct Authority and is an independent not for profit organisation under the Industrial & Provident Society Act (NI) 1969. We are also registered with the Charity Commission for Northern Ireland.

We were established in 1987 as Down and Connor Housing Association to provide social and affordable homes for people in housing need. In 1999 the organisation was renamed Ark Housing Association to reflect our history and growing ambition.

We are based in Belfast but operate across all district council areas and we build, manage, and maintain homes to meet the needs of a wide range of demographics. In addition to providing homes for general needs families we also provide a range of accommodation and support services to enable people to manage and sustain their tenancies and live independently. All permanent allocations of our homes are made in accordance with the Common Selection Scheme for Northern Ireland which is administered by the Northern Ireland Housing Executive.

We operate several successful partnerships with specialist agencies and statutory bodies. These include Threshold N.I; Inspire Wellbeing; Belfast Health and Social Care Trust; Southeastern Health and Social Care Trust; Supporting People and the Northern Ireland Housing Executive. We also manage a floating support homeless service for families threatened with or experiencing homelessness.

Our new build developments are funded through a combination of private finance with capital funding grants received from the Department for Communities and we are also revenue funded for some specialist services through the Supporting People Programme.

We currently manage approximately 900 homes, have an active development programme with nearly 300 more currently on site, and we aim to have up to 1,300 homes in management by March 2027. We currently employ 42 permanent and temporary staff across a range of scheme and office-based roles.
